TECHNOLOGIES

HTML/CSS/JS

Create websites from templates and implementing UI designs in production using bootstrap.

NODE JS

Creating continuously running background automations and developing ExpressJS based backend systems.

MONGODB

Managing small sized databases with mongoose npm library.

SQL

Managing various relational databases (MySQL, Firebird) and designing smaller relational databases.

VUE JS

Development and maintenance of a Vue CLI based system.

VBA

Automated document generation and Excel-based reporting.

ILLUSTRATOR

Designing UI for self-developed applications. Design of corporate promotional documents.

LENGUAGES

GERMAN

Deutsches Sprachdiplom (DSD) Komplex C1 lenguage exam. I haven't used it since 2016 so my language skills have been severely weakened.

ENGLISH

Passive language skills. Enough for understanding developer forums and occasional verbal use.
